

## Pump series CRP

### Typical characteristics

- EHEDG certified CIP return pump.
- Unique air handling concept.
- **High efficiency** and **low NPSH** in comparison with a classic liquid ring pump.
- **Close coupled**, very compact.
- Composed with standard components
- Limited noise level
- Easy maintenance
- **Electropolished.**

### Technical data

Max. flow	120 m <sup>3</sup> /h
Max. head	7 bar
Max. motor power	22 kW

### Applications

The pumps of the CRP2 series are perfectly cleanable EHEDG approved air handling pumps and are mainly used to pump a mixture of liquid and air. They are therefore particularly suitable as a **CIP return** pump, as well as for **unloading milk collecting trucks**.

Performance Pump series CRP
